# Public lecture: Can Qatar escape the grip of a global epidemic?

22Mar2017

- 06:00 PM - 07:30 PM
- Coffee House, Janoubi Village (Male Housing), HBKU Housing and Residence Life, Education City

### About Event

Nearly 30 percent of individuals screened for diabetes during a recent nation-wide campaign proved to be pre-diabetic. Join a community discussion, led by Dr. Abdelilah Arredouani from Qatar Biomedical Research Institute (QBRI), about the prevalence of the disease as well as ways to prevent it.
