# Circular Economy: Aspirations, Realities and Opportunities

10Dec2018

- 07:00 PM - 09:00 PM
- [College of Islamic Studies](#)
- Auditorium, Minaretein (College of Islamic Studies building)

A circular and ecological alternative of a zero-waste economy is emerging – one that resonates with Islamic economics and finance ideals – as a response to environmental and social imbalances caused by the current waste-oriented linear economic paradigm.

The lecture will discuss new perspectives on resource management and opportunities for entrepreneurship offered by Qatar National Vision 2030's multidimensional approach to support the transformation of linear economies to circular ones.

### Speaker:

- Dr. Tariqullah Khan, Professor and Coordinator, Islamic Finance and Economy,
- PhD Program, College of Islamic Studies, Hamad Bin Khalifa University
