

## TRAINING PROGRAM

# SUMMER RESEARCH PROGRAM 2018

As part of its commitment to developing the next generation of scientists, HBKU's Qatar Biomedical Research Institute is offering intensive training opportunities in specific fields of biomedical research to exceptional undergraduate students.

Interns will have the opportunity to choose from a group of projects covering different scientific topics in the field of diabetes, cancer and neurological disorders.

### **Benefits to Participants:**

- ▶ Gain hands-on laboratory research experience
- ▶ Experience the challenges and excitement of scientific research
- ▶ Improve critical thinking skills
- ▶ Learn how to conduct scientific research, formulate ideas, design experiments and test hypotheses
- ▶ Receive mentoring and career counseling
- ▶ Enhance communication and team building skills

**May 6 – July 5, 2018**  
**HBKU Research Complex**
